Matt has always been an avid lover of sports, both actively playing as well as officiating. While enjoying one of those sports (volleyball), he "ran into" an accident. His cheek bone was broken and fractured in several places resulting in facial reconstructive surgery. Matt does not have health insurance and as a result, he is already being overcome with numerous medical bills. Please come have some fun as we help support Matt during his time of need.

Event sponsored by the Northern Ohio Officials Association
