Check out the Ohio Colleges and Universities Map and Profiles link or scan the QR code to find detailed information about 4-year colleges or universities in the State of Ohio.

FAQS

Am I considered a Transfer Student?

You are considered a transfer student if you previously attended another institution after completing high school.

How do I apply for transfer?

Fill out an application to the institution of choice.

Is there a deadline to apply?

Different institutions have different deadlines. It is best to check with the individual institution and their deadlines.

How can I determine which college has the Major in which I'm interested?

There are many websites that can be found that can assist in this such as or <https://collegesearch.collegeboard.org/home>

When should I start the transfer Process?

Start planning as soon as you know you want to transfer. Working with your academic advisor and planning courses that are likely to transfer to your future college.

What if I have questions about the transfer process?

Speak with LCCC's Transfer Coordinator - UP@lorainccc.edu or call 440-366-4949

Will my GPA transfer with me?

No, GPAs start over when a student transfers to a new college.

Does my GPA impact my ability to transfer?

While a GPA does not transfer, a student's GPA from all institutions may be taken into account when applying for graduate school or competitive undergraduate programs.

What can I do to ensure a successful transfer?

Plan as early as possible. The chosen college and program that is chosen will directly impact how your credits transfer, work with your advisor.

Which classes should I take if I intend to transfer?

It is best to speak with an advisor to plan which classes would be best to take.

How do I transfer my credits?

Once you are accepted and admitted to your chosen institution, the institution will do a credit evaluation using any information submitted during the application process.

How do I know if all my credits will transfer?

Check with an advisor of the chosen institution or their Transfer Center.

What is a reverse transfer?

"Reverse transfer can be defined as the process of retroactively granting associate degrees to students who have not completed the requirements of an associate degree before they transferred from a two-to a four-year institution. Typically students are required to reach a certain number of credits between the two-year and four-year institution while meeting all requirements for the associate degree." (ECS.org)

Check your financial aid!
